ART Accepts TREES Documents Submitted by Vietnam

ARLINGTON, VA — July 10, 2024 — The Secretariat of the **Architecture for REDD+ Transactions (ART)** is pleased to announce the acceptance of two TREES Documents submitted by Vietnam. These documents are posted publicly on the **ART Registry** and include a TREES Registration Document for the 2021-2025 Crediting Period and a TREES Monitoring Report for 2021-2022.

Stakeholder comments regarding these documents may be submitted to **REDD@winrock.org**. Comments received within 30 days will be forwarded to the program as well as their selected validation and verification body. Comments submitted after this time will be incorporated into the validation and verification process to the extent possible based on the status of the process on the date of submission.

The acceptance of these documents indicates their completeness and the program's eligibility to move forward with independent validation and verification by an accredited verification body. Following successful validation and verification, the ART Board may approve the issuance of serialized TREES Credits to Vietnam.
